

American Rescue Team Int.

Aug 17, 99

Attn:

David Francis

"The world's deadliest earthquakes"

Dear David:

I am pleased that our team will be working with your show. The payment for our contribution is a \$5,000.00US donation to our team. I personally would be giving all my money to the team, so you might as well do it directly. The check should be made out to 'The American Rescue Team International EPRC' and mailed//delivered to 802 Lincoln Ave., Alameda, CA. 94501.

It is understood that you will be sending the check while I am gone. Thank you for that.

Also, I am very pleased that you have agreed to provide our team with the film footage after you have had first broadcast rights.

Please don't forget the Kosovo film which I sent Nash Entertainment. Walking in mine fields and driving down 30 miles of mined roads through noman's land was intense, to say the least. I hope you can do something with it, on another project. I look forward to working together and I'm sure you will get some serious 'action' footage.

The tax exempt ID number is 90-3030614.

All the best...

Sincerely

Douglas F. Copp
Rescue Chief//Disaster Manager
